Responsibilities

- To setup and operate manual mills and lathes as per blueprints in fast-paced environment for low quantity and unique jobs.
- To follow and understand all the tolerances and notes from the blueprints and point out any discrepancies noticed on drawings and parts.
- To cut the raw material as per drawings when and if required.
- To maintain production levels.
- Able to measure/inspect completed parts.
- To perform finishing operations on the parts using hand tools when necessary.
- To operate saw/drill press/ grinders when required.
- Suggest the use of appropriate or better tools when required.
- Report equipment or tool malfunction to the supervisor/lead hand.
- Follow work, safety, behaviour standards in place while operating the machines efficiently.
- Perform day to day cleaning and maintenance of the machines and surrounding area as well as periodic maintenance and housekeeping.
- Proficient with measuring devices such as vernier caliper, micrometer, gauges and other measuring tools.
- Perform other duties when/if assigned.

Qualification and skills required

- Minimum 2-3 years of experience with manual mill and lathe machines.
- Fluent with Blueprint readings and measuring tools.
- Able to work without or with minimal supervision.
- Flexible to work day/afternoon/night shifts, if required.
- Regularity and punctuality in daily presence is expected.

PLEXPACK CORP.

1160 Birchmount Road, Unit 2, Toronto, Ontario M1P 2B8

Tel: 416.291.8085 • Toll Free: 800.265.1775 • Fax: 416.298.4328 • www.plexpack.com

- A team player.
- Good English communication skills.
- Experience working with CNC machines is an asset but not required.
- Assembly skills are an asset but not required.
- One should have basic machinists' tools.

Who We Are

Our Mission

is to build and deliver the best, made-to-order flexible packaging machinery solution for each customer's unique needs.

Our Vision

is to be the preferred choice for customizable, made-to-order flexible packaging machinery solutions worldwide.

Plexpack Corporation designs and manufactures high quality flexible packaging equipment solutions. More than 5,000 customers worldwide depend on our Emplex Bag Sealers, VacPack MAP Systems, and Damark Shrinkwrap Systems for packaging efficiency, product integrity, safe transport, and attractive presentation.

We deliver standard and customizable, made-to-order solutions with our customers' unique needs, reputation, and budget in mind. We have options for nearly any production environment and experience in a wide range of applications. For nearly 50 years Plexpack has been known for quickly delivering innovative solutions that are simple to use with superior performance and return on investment.

Every Plexpack solution is backed by multilingual support and service from our offices in Canada and the US and our international network of distribution partners.
